

TRADE SHOW & EVENT CONSTRUCTION

SHORT PORTRAIT

TRADE SHOW & EVENT CONSTRUCTION

For more than 20 years, our team has been a competent, reliable, and creative partner for all occasions in local and international trade shows as well as in event construction.

We create and carry out everything you need for your successful brand experience: Exhibition stands of all sizes, as well as mobile spaces, set design and professional, functional stages.

As stage contractors, we produce everything from small podiums and television sets, to heavy-duty stages with revolving or lifting platforms. To support your successful presentation, we also build movable scenery at every scale.

We guarantee premium quality. With an open, dynamic communication, we are offering transparency during the project process.

CATEGORIES

- **Trade shows**
Individual trade show construction at any scale - we design, plan, and produce expressive solutions for every need.
- **Stage construction**
We master all challenges in the field of construction:
From simple platforms over television stages or drivable heavy-duty stages, accessible by car, with integrated revolving and lifting platforms, up to moving scenery.
- **Roadshows**
We are happy to support your roadshow's vision with precise preliminary planning and cost calculations. During the implementation of your project, we meet your quality requirements, whereby you can rely 100% on a premium implementation and a downright adherence to deadlines.
